BOB and champion Danish Mastiff Club show 2007

Hannibal is a huge boy with a lovely outgoing tempement. He is 4 years old at the picture and earned his championtitle very easy. He has only been out for shows four times and got 3 CAC and CACIB. He is living at his owners, Anne C. Helder as a part of a family with small children. He is such a beautifull dog that we will try to get him out for more shows and we have got the breeding rights to use him. He is available as studdog to quality bitches. He was x-rayed at almost 4 years old and clear at hips and elbows.

He is a very harmonious dog, huge bones, very well angulated with a good topline. He moves well and has not had any health issues. He has a very sweet, outgoing tempement. In June 2007 he became the proud father of 11 lovely puppies in England.
