A young male of our breeding, [Hugedogge Barbirolli Sir Purcel](#), called "Percy" went **French Champion** at the Mastiff National Specialty in France this weekend.

At the photo he is 26 month old.

This is what the owner, [Bernard Le Courtois, Brullemail Mastiffs](#), wrote to us:

Our Mastiff dog "PERCY", HUGEDOGGE BARBIROLLI SIR PURCEL (Int. Ch Groppetti Mr x Dk Ch Augusta x Lazybones Lincoln) is now French Champion at only 2,5 yr old.

This title is one of the more difficult to obtain because only 2 dogs (and 2 bitches) a year can eventually receive this title . To become French champion a dog must win the following 3 CACS (CC)

- . CACS at the Mastiff Club National Specialty or at the Paris French Championship (the same dog can win both !).*
- . CACS at one of the 5 Mastiff specials organised in France each year in an international dog show.*
- . CACS in an international dog show.*

The 3 CACS must be obtained with 3 different judges and at least one with a French judge.

All of these results must be obtained in a maximum of 2 years.

- . The dog must have a T.A.N Excellent (character test)*
- . The dog must have excellent Hips x-ray (A or B).*

"PERCY" won in October 2000 the CACS-CACIB and BOB at the Mastiff Special in Nantes (judge, Mr Colas), also in December 2000 the CACS-CACIB and BOB in Caen (judge, Mr Weiber) and at last in September 2001 the CACS at the Mastiff National Specialty (judge Mr Pras).

PERCY also has a T.A.N Excellent (30/30) and excellent hips x-ray (A).

Last year, PERCY participated in 8 shows and was 7 times 1st Excellent, 5 times Best Of Breed (from 13 to 21 months old) in 3 different countries and each time with different judges. He was BOB at the famous Amsterdam Winner dog show (Netherland) and qualified for Crufts 2002.

This year in August, he was also BOB at the Rotterdam dog show (Netherland). He needs one more win in Holland to become Dutch Champion.

PERCY had his first litter in March 2001 : 5 fantastic puppies out of our brindle bitch BREDWARDINE's BRULLEMAIL.
