

We wish you a Merry Christmas and a Happy New Year.

Honey is now living in England. We went to Hook Van Holland where her new "mom" picked her up. The weather was stormy but fortunately they had a nice trip home. Honey is now playing with all her new toys and has got a new friend - an young boy she is following everywhere. We did not say goodbye to her but "see you again"!

23.11.2003:

Diesel is dead. Friday we lost the battle against an infection in his lymph system. One of his legs was very swollen and intensive vet care was provided, but he developed gangrene. We fought together but lost the battle.
 It feels so unfair that such a young, beautiful boy, so full of life had to leave this world only 16 month old.
 He will always be in our minds. All honour to his memory.

Mikkeline & Conrad´s puppies are 7,5 weeks old and we are very pleased with this litter.

23.07.2003:

New puppy pictures.

They are 4 weeks old has been eating by them selves for a week now and have learned how to behave.

We have very nice, warm weather and the puppies enjoy spending the time outdoors - and so do we.

We are very happy with this litter (as we were with the last one year ago). All of them are growing nicely are very playfull and confident with all people and other dogs.

08.07.2003:

Cassandra ´s ([Mikkeline](#)) puppies are 14 old now. Eyes open and stumbling along. Unfortunately we lost a little girl because Mikkeline laid down at her but the remaining 6 boys and 5 girls are doing great. Mikkeline is still a very good mother.

07.07.2003:

Olaf showed [Diesel](#) at a danish kennel club show at Bornholm this sonday.
Diesel did very well, got a very good critique and 1. prize and 1.winner in junior class - he is 11 month old.

He has a real mastiff character, so full of self-confidence and very cool. Nothing can impress him. Once he came across a man dressed up like a big rabbit and Diesel only sniffed at the rabbits feet and expected to be petted by the rabbit.....

That cool character makes it very difficult to make him look alert in the showing.

25.06.2003:

New litter!

Hugedogge Miss Charming Cassandra ([Mikkeline](#)) delivered 12 lovely puppies naturally without problems. 6 boys and 6 girls.
Mother and babies are doing very well.

Hugedogge Hercules found his new home in Humlebæk. He will be spoiled rotten....		Hugedogge Hannibal moved to Fakse Ladeplads.	

17.06.2003:

At our way back we showed at DKK international show in Hillerød, **Conrad went BOB** and got **international champion**. **Saco went BOS** but have to wait till she is 2 years old to get her champion title.

At home we got bad news. [Milly](#) passed away saturday morning without any warning. She ate her breakfast and went inside to sleep and never woke up again. She was a very special girl to us and we miss her so much.
